

TRANSACTIONAL LIABILITY

Creative expertise and an end-to-end service commitment bring you from deal-breaker to deal.

THE RIGHT TEAM

Led by experienced attorneys from top law firms, CAC Specialty's experts partner with your team to neatly transfer risk out of the deal and into insurance and capital markets. We work on deal time to place a full suite of transactional insurance policies, making the impossible, possible. By proactively and confidently crafting bespoke solutions for complex transactions, our team allows you to focus on getting the deal closed.

A STRONG CLAIMS FOCUS

We measure policy performance by claims paid. Our former corporate litigators have successfully won post-closing disputes and highly contested insurance recoveries. This empowers us to head off claims by negotiating insured-favorable policy language on the front end, and to effectively advocate for coverage when close-call claims do arise. Our high-touch, white-glove treatment extends from policy placement through getting your claim paid.

BROADENING WHAT'S POSSIBLE

Market developments and the nuances of today's deals require a creative, customized strategy to transferring risk.

By accessing both traditional insurance markets and alternative pools of risk capital, CAC Specialty's innovative approach delivers the full spectrum of risk capital to serve your needs.

SOLUTION EXAMPLES

- Representation & warranty insurance, including:
